

Liberty® O.B. Pad & Pant System

For freedom from traditional belts and pads

The Liberty® Pad System combines comfort with high absorbency

The Liberty® OB Pad and Pant System was designed especially for postpartum use. The two different sized pads take new mothers through the transition from the initial, heavy flow to a regular flow. The pads are highly absorbent yet discreet, and they're beltless, with an adhesive strip for extra securement. The pants are available in a full range of sizes, up to XXXXL, which fit up to a waist size of 71"! They'll fit almost any patient!

- Easy to use
- Comfortable to wear
- Pants stretch to fit
- Pants help keep pads, cold packs and catheters in place
- Decreases leakage - reduces number of bed linen changes
- New Premium Mesh Panty is now available, with extra spandex for a better fit!
