Redefining jugular site care.

Why it's better.

- Unique, 2-part design wraps around catheters and tubing to seal the site more effectively
- System of multiple perforations and removable sections allows you to customize the dressing's shape to meet your patient's specific catheter set up
- New Centurion® Ultimate Film™ takes advantage of new manufacturing technologies to dramatically improve performance
- Ultimate Film™ and absorbent pad work together to prevent moisture build up
- Easy to apply – full size liner tabs extend to edge of dressing to simplify use with gloves
- Easy to remove – perforations facilitate removal

A dressing that stays put.

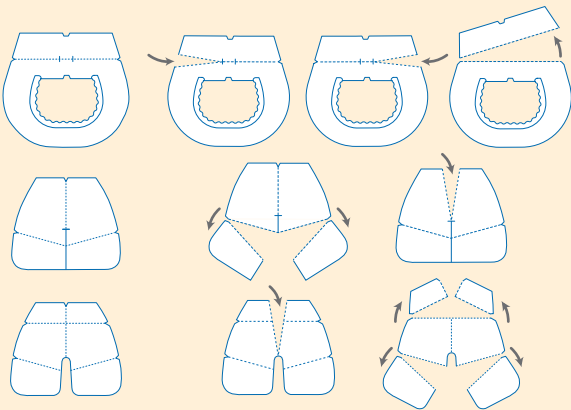

- Designed to conform to various neck shapes and sizes
- Large tape patch helps reinforce dressing
- Unique construction helps secure site
- Innovative shape helps keep edges adhered
- Stays intact in even the most demanding situations

Two different tape patch options now available

Compatible with virtually any catheter type and setup

Maximum versatility

Revolutionary tubing anchor.

- Alleviates stress on the site so dressings stay on better
- Keeps tubing from twisting and getting tangled
- Helps preserve sutures

Tubing Anchor eliminates line stress

Centurion® Medical Products has a long-standing commitment to providing clinical solutions through superior product designs. Our team of design experts are continually improving our unique and comprehensive system of dressings through direct dialogue with end users. We strive to be innovative and reliable in order to meet the needs of both caregivers and patients.
