Keep critical trauma areas cleaner and safer with the Centurion Trauma Sheet.

A unique core which can absorb up to four liters of fluid is pressed between a soft top layer and a leak-proof bottom barrier to form three layers of protection for staff, mattresses and equipment.
## BENEFITS FOR CAREGIVERS, HOSPITALS AND PATIENTS

- Reduces staff exposure to fluids
- Allows for faster and easier clean-up
- Stackable, portable, and individually packaged for easy transport
- Unique core absorbs four liters of fluid
- Reduces costly linen changes
- Helps keep fluid off floors
- Protects mattresses and equipment
- Provides an overall cleaner environment for staff

## THREE LAYERS OF PROTECTION

1. **SOFT, CLOTH-LIKE TOP LAYER**
2. **ABSORBENT CORE**
3. **POLYETHYLENE BARRIER**
