SIMPLIFY LINEN HANDLING AND REDUCE COSTS

Centurion offers customized Soiled Linen Collection Programs to fit your facility's needs. As originators of the concept, we provide comprehensive systems like no other company in the industry. Our programs are designed to increase efficiencies, reduce waste, lower costs, and save time for both hospitals and laundries.

Centurion soiled linen hampers are the strongest on the market, and can withstand the day-to-day activity in a busy hospital. Not only are our hampers tough, they can be customized to fit within your hospital's decor and space. Our recyclable plastic liners boast incredible strength and can actually save you money while helping reduce your carbon footprint.

CENTURION ADVANTAGE WARRANTY™

CUSTOM HAMPER OPTIONS

We can custom design our Centurion ContinuCart™ to your facility's specific needs.

- Specifically sized to fit your space
- Angled lids available to prevent usage as a table or writing surface
- Custom labels available for lids
- Wallaby pouch available

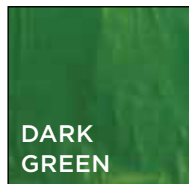

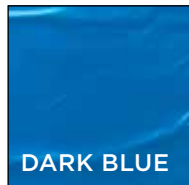

IMPERVIOUS BAGS

- Made with prime virgin resin – the highest quality material in the industry
- Designed to hold manageable loads effectively
- Fit carts perfectly, eliminating plastic film waste and reducing costs
- Meet OSHA regulations
- No more need to repair, replace or maintain reusable bags
- Puncture and tear resistant, sustain rough handling – won't burst open when dropped through hospital chutes

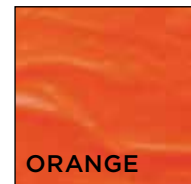

- Choose from a variety of standard or custom colors
- Choose from standard or custom printing
- Drawtape bags also available
- Rolls eliminate the hassle of loose liners, and are easier to track and count than flat-packed liners; simplifying inventory control
- Superior strength, yet tear open easily for sorting with no need for heavy overhead lifting – sorting can be done very quickly and efficiently
- Our bags improve your cost outcomes and decrease your carbon footprint

RECYCLING PROGRAMS

Ask about our closed-loop recycling programs that can help you reduce your waste hauling costs.

* Bales offered in small, medium and large sizes to best fit your needs.

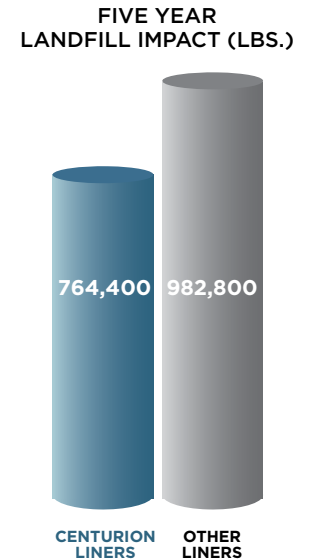

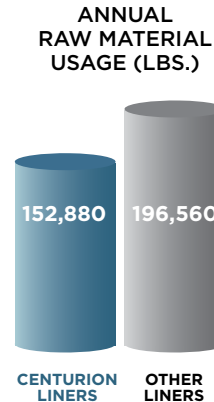

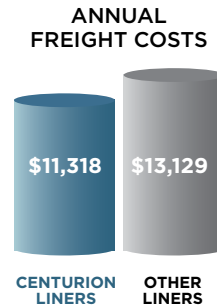

Using CENTURION® soiled linen liners results in real cost savings in freight costs, plastic material usage and landfill waste. Through planned source reduction you can make a significant impact on lowering your overall carbon footprint by:

- Reducing raw material used
- Reducing corrugated used
- Reducing fuel used
- Reducing plastic in landfills

SAMPLE SCENARIO FOR A FACILITY USING 210 CASES OF LINERS PER WEEK:

Switching to Centurion liners would result in*:

- Annual Freight Cost Savings: **\$1,811**
- Annual Material Savings: **43,680 lbs.**
- Five-Year Landfill Reduction: **218,400 lbs.**

*Values are based on usage of 210 cases of liners per week (at 14 lbs./case for Centurion liners vs. 18 lbs./case for others) in a facility located in Wheeling, IL, with all shipments from a common origin.
