Designed for children, the Centurion Pediatric Foley Anchor keeps urinary catheters firmly in place; reducing the trauma that can be associated with pediatric hospital stays.
BENEFITS FOR CAREGIVERS, HOSPITALS AND PATIENTS

- Stays firmly in place, with even the most active pediatric patients
- Gentle, long-lasting adhesive for long wear times
- Comfortable and safe for children
- Fits small size catheters

- Easy to apply and remove
- Designed with playful “butterfly” profile to appeal to children
- Prevents catheter dislodgement, reducing risk of Catheter Associated Urinary Tract Infection (CAUTI)

- Meets SHEA (Society for Healthcare Epidemiology of America) recommendations for the prevention of CAUTI (catheter associated urinary tract infections)*
